The Herald says: A fellow at Tombstone had a 150-foot long taken from him yesterday by a doctor up there. That man must feel sort of lonesome today.

Mrs. Mike Welch, who has been ill for some time at her residence on Allen and 10th streets, was reported dangerously low today, and fears are entertained for her recovery.

Mr. Chas. Brown, a well known Cochise county citizen, died at Ft. Huachuca yesterday, after a lingering illness. A coffin was sent over from here and the deceased gentleman will be buried in the cemetery there.

Col. H. Ford was able to be about today for a short time but not however without the aid of his crutches. We are pleased to note the improvement and find this genial Col. once more able to be about.

The village wag thought he would have some fun with the mild-mannered young man who had recently taken charge of the county paper. "I say," he said, coming into the office excitedly, "there's a man on the street looking for you with a club." The young man looked up pleasantly. "Is that so?" he inquired. "We make a special reduction for you. How many subscribers has he got?"—Ex.

The children and grand-children of James Rogers are amazed at the information of his marriage to Ida Nelson at her home in Prescott, Sunday last. Rogers is 77 and his bride 14. Rogers has been married twice before, his second wife died three years ago. He is worth \$100,000 and lately transferred considerable property in Los Angeles to Ida Nelson. Ida left school a few weeks ago. She is a pretty brunette.

Messrs. Lucien and Miller, the owners in the new strike at South Pass which has created so much excitement, are in town. The intimation some time since of a dispute having arisen regarding the mine is now in a fair way to be settled. All parties concerned have signified their intention of reaching a definite conclusion as to title of this valuable property, which has in a measure retarded its development thus far. With this barrier removed work will begin at once and be pushed as vigorously as possible.

As soon as these war scares are all over it will be time to hold another international exposition with peace congress on the side.—Chicago Record.

THE MASONIC BANQUET.

The recent installation of officers, and the grand banquet given by the Perfect Ashler lodge of this place, was

the most enjoyable event that has taken place in Bisbee for a long time. Visiting members from all parts of the territory were present. After their regular routine of work in the lodge room an adjournment was taken to the banquet hall at the Brownlow. The hall had been decorated with a profusion of roses, chrysanthemums, maiden hair ferns, carnations and other flowers. The tables were enclosed within a wreath of similar. In the center of the room was a large center piece in which was a large cake of ice, in this had been frozen a handsome bouquet of flowers. At each place at table was a button hole bouquet of carnations while on the table were dishes of violets and other fragrant flowers. The lights in the room had been turned down to a delicate shade together with the enchanting music of the Mandolin Club made one think of entering the realm of the scenes in fairy land. The guests were each presented with a small souvenir card upon which had been printed an emblem of the masonic order. The refreshments, which had been provided by Mrs. Crassey, were many and included all the delicacies of the season.

After the wants of the inner man had been satisfied a number of excellent toasts were given. Mr. Chas. Warner acted as toast master, and filled the position in a most fitting manner. The visitors from all parts of the territory were called upon in turn, and related their various connections with the masonic order. All of the speakers spoke in glowing terms of the work which has been instituted by the Perfect Ashler lodge. After a tasteful toast to the new order the guests took their departure, carrying with them a feeling of gladness at the manner in which the new lodge had begun its work.

The affair is one to be long remembered by the brethren of the masonic order, and will always be referred to as a most enjoyable event. Success to the Perfect Ashler.

CATTLE NOTES.

M. M. Sherman will ship several carloads of cattle from Huachuca siding the latter part of next week. They are a part of the herd recently purchased from M. Elias, of Sonora.

Philip Moore, the cattle inspector, returned to Nogales yesterday after inspecting a large number of cattle which were brought across the line this week.

C. A. Mead, the cattle buyer of Los Angeles, is again in town looking for cattle for the spring delivery.

Several El Paso buyers are here and have already contracted for over 800 head, which will be shipped next week.

Considerable anxiety is felt here on account of Elmer Crouch and Wm. Leggin, cattlemen, who left here before Christmas on a trip to purchase cattle in Mexico. They expected to be gone about three weeks, but as yet nothing has been heard from them and over six weeks have passed. It is feared that they have been foully dealt with. An investigation is at present being made and it is hoped they will be found.

Thirteen car loads of cattle were taken out yesterday, bound for Salinas, Kansas. They are a part of the Sherman shipment and will be placed on pasture at that point.

A surprise party was given in honor of Miss Jennie Humphrey at her home on Quality Hill, on Saturday evening last. The evening was spent most enjoyably, games, music and dancing furnishing pleasant pastime.

But Holland has gone to Tucson and has secured a position on the railroad.

Several more Bi-bees left yesterday for the new gold camp, going by way of Tombstone.

Paraded by a Demon.

How many suicides, think you, reader, have been committed by persons driven distracted and hunted to their doom by the demon of chronic ill health? Countless. For instance, we know, do we not, that hypochondria is a monomania—a sort of madness produced by chronic dyspepsia? Again, insomnia, or sleeplessness, often a result of the same cause, culminates in a derangement of the reasoning faculties. It is, therefore, of momentous consequence to prevent the arrival of disease at its chronic phase, when it daily and nightly scourges the sufferer to a dangerously uncertain goal. No medicine known to science, as a means of arresting the malady to which it is adapted, equals Hostetter's Stomach Bitters. Among these complaints are chronic indigestion and insomnia, kidney and rheumatic ailments, constipation and liver troubles. Appetite is improved by the Bitters, the blood purified, and bodily substance and vigor increased by it.

Returned From Johannesburg.

W. B. Pratt is an old resident of this city, who has returned from a trip to South Africa and carries with him many souvenirs of his journey, of no abate places which he has seen, and of some more or less notable men with whom he has come into contact.

Four months ago he started for the new land of gold accompanied by his wife. His health was bad and he was advised by his doctors to seek rest and recreation. As he had some interest in South Africa and as the country was experiencing a boom at the time he determined to try the effect of a trip there. He started last August, and during his two months' stay for the journey two and from occupied two months almost covered the entire territory. All the cities through which he passed he described as exceedingly attractive. Johannesburg, however, was the place which struck him as most interesting from a business point of view. In other respects it is here and at Matabeleland that the gold fields are located. "Johannesburg," he said, "is more like the city of Chicago than any other city that I know of. Of course it is devoid of Chicago's wind and Chicago's windiness. The business is all done on a cash basis. It offers a fine field to expert miners. Ordinary laborers, however, should not go there. Expert mechanics will earn from \$7.50 to \$10 a day, clerks and the like run from \$75 to \$125 a month. Things of course are a bit dear. The water is bad and everybody drinks wine. You get claret from 75c a bottle up. Beer is \$1 a bottle; every kind of ordinary drink is 25c. Then house rent is very expensive. A house which in St. Louis will rent for \$25 a month will bring \$175 in Johannesburg. The reason of this is that lumber is so expensive costing from \$80 to \$125 per 1000 feet. The houses are therefore built of corrugated iron and are exceedingly hot. South Africa is a good country for a young man; a man in the middle of life however should stay away. The change from his own climate will be so great that he cannot stand it."—Globe Democrat.

TO CLEANSE THE SYSTEM.

Effectually yet gently, when constive or bilious, or when the blood is impure or sluggish, to permanently cure habits of constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, to dispel head aches, colds or fevers use Syrup of Figs.

An engine and box car ran through an open switch, off the track and buried themselves in a sand bar at Fairbank last night. No one was hurt, but it required lots of hard work and heavy lifting to replace them on the track, which was finally done at a late hour this morning and the car was run into Samuel Donnelly's warehouse to be loaded with ore from the Copper Glace mine.
